

Implementation date and additional rounds 2015

Tobacco products package coverage and location

Graphic health warnings are required to cover the top 70% of the front and 70% of the back of the package. Overall, 70% of the package space is allocated to health warnings.

Misleading information

Misleading descriptors such as 'low in tar,' 'light,' 'ultralight,' 'mild,' 'high-end' and 'low-end' are prohibited from appearing on packages.

Constituents and emissions information

No messages are required to display qualitative (descriptive) constituents and emissions information.

Special notes

Legislation applies to all tobacco products (combusted and smokeless) without specifying the content of the warnings for each type of tobacco.

Rotation schedule, history, language, and help for smoking cessation

Chad has produced one round of graphic health warning labels:

Round (year)	Number	Size (%) [average— front/back]
R1 (2015)	4	70— 70/70

Warnings within the round are required to be rotated for a period of 2 years. Warning texts must be in French and Arabic, the principal languages of the country. No quitline phone number or government-sponsored website is required to be displayed on the package.
